

## **Announcements January 30, 2021**

### **ANNOUNCEMENT – Marketplace upgrades**

We were advised that Marketplace has and will be making security and repainting upgrades to the Kidz Place facility.

The following are a few things to expect:

- An emergency push pad has been installed to the door. This is to allow the door to be kept in a locked position from the outside but gives emergency exit from the inside. The door will also have the option to remain unlocked if position to do so.
- Security cameras will be installed soon.
- Repainting in several areas will be done.
- These things will be implemented over the next few weeks.

With the new security upgrades let's continue to be mindful to arrive before Sabbath Service begins each week. Also, we need to be careful in our actions as security cameras will be in place.

### **PREPARING FOR NTBMO**

We will begin announcing Holy Day locations and time next Sabbath. We were able to finalize some arrangements for Raleigh this week.

However, now would be a good time for you to begin your preparations for Night To Be Much Observed. With the assumption that the Coronavirus will still be around to a degree by the end of March, we will not be planning any large group gatherings. It is recommended that people who live fairly close to each other should plan to have a nice dinner at the home of someone willing to host. Remember that this year NTBMO falls on a Saturday night, so it's likely some guests may simply go to your home after services to cut down on driving.

For those who may be thinking of gathering with a small group in a nice restaurant, you should consider making a reservation well in advance to insure you will have adequate seating with no wait. Again, keep in mind that this will be on a Saturday night and the nice area restaurants will normally be at capacity most of the evening.
